Periscope

To the
CLASS of

Presented by the
JUNIOR CLASS

Altho Yale has always favored
The violet's dark blue,
And the gentle sons of Harvard,
To the crimson rose are true,
We will own the daisy tender,
And keep its color bright,
While the High School stands defender
Of the Yellow and the White.

While we prepare for college,
'Midst the scenes we love so well,
And the mystic charms of Knowledge
We vainly seek to spell,
We will to our school be faithful
And work with all our might,
While loyal hearts stand grateful
To the Yellow and the White.

When the cares of life o'ertake us,
Mingling fast our locks with gray,
Should our dearest hopes betray us,
False fortunes fall our way,
We will banish care and sadness
In our memories' backward flight,
And recall those days of gladness
'Neath the Yellow and the White.

DEDICATION

Miss Clark

Miss Clark's

charm,

sense of humor,
patience and

enthusiasm for her work
have endeared her to all of us.

For over 30 years each Senior
class has looked forward to her
capable direction of their Senior Play.
Alumni returning to visit never fail
to stop in Miss Clark's room, finding that she
has retained her
charm,

sense of humor,
patience and

enthusiasm for her work.

In appreciation for her willingness to work
with us and her interest and cooperation in the
school's activities, we gratefully dedicate this
Periscope of 1952.

ADVISORS

L. to R.: Mr. Myers, Miss Cook, Co-Advisors; Mr. Whitney, Class Advisor.

BOB MAIR

Bob Mair, an exchange student for one year from Fuessen, Germany, has given us an unusual opportunity to learn about another country. He has been studying agriculture here, as he has a large farm back home.

He rapidly learned the English language, and after being here only a few months, seemed right at home. When he returns to Germany at the end of the year, his English teachers will be surprised at the "American" he speaks.

Bob is sponsored by the American Grange and is staying on the John E. Brightman farm. He has enjoyed seeing many games, movies, and other events with his foster family.

He went to Washington with the Seniors, seeing it for the second time, having stopped there when he arrived in the United States.

With Bill Richardson as president, our class has had an unusually successful year. Our treasury is bursting with hard earned money from the sale of Christmas cards and Christmas cookies, the dances which everyone enjoyed this year, our annual peanut circus, and the baked food sales.

We also had the momentous decision to make about which kind of class ring was going to be ours. After the committee had narrowed the choices down to three or four boxes, we came to a fairly peaceable agreement.

Even in the midst of all this activity, we somehow managed to get our homework done (well, most of the time anyway). We've really managed to absorb quite a bit of printed matter, considering all the things we've done this year besides studying.

WHAT ABOUT 'EM?

The Sophomores are full of enthusiasm. They've been working like little bees to earn money all year, and have had loads of fun on their projects. Some of these have been baked food sales and dances. One of their most successful dances was "THE SPOOKS JAMBOREE". One night they held a rip-roarin' basketball game between the faculty and themselves. (Benefit of the Sophs, of course.)

During the Christmas season they sold Christmas trees, and decorated the gym for the Alumni Dance.

The Sophomores owe a great deal of their success as a class to the fact that they had such capable class officers and advisors.

OFFICERS

Standing, L. to R.: P. Conway, J. Flint. Seated: M. Atwood, J. Bailey.

These busy little beavers have been so busy they will go to Washington before the Class of 1952. They have been selling us delicious salt water taffy, keeping us well aware of all of the basketball games by printing the schedule on pencils, and last but not least, they have been dancing our feet off with quite a few dances. Of course, they couldn't have accomplished this if they didn't have two wonderful advisors. Congratulations, Frosh! You have done well.

SENIOR CHORUS—Composed of over one-hundred excellent voices, Senior Chorus has proved itself to be an outstanding musical organization. Mr. Good's expert training has molded this into one of our school's most vital clubs. More students belong to this club than to any other.

The Chorus put on a Christmas program for the P.T.A. and for an assembly, and caroled throughout the school just before Christmas. (Part of them caroled throughout the village at 10° above zero, too). Our Annual Music Festival and the County Festival were big events of the year for the Chorus.

BAND AND ORCHESTRA—Our jazzy Senior Band is directed by Mr. Myers and has been successful everywhere it played this year. Some of the year's highlights have been County Music Festival, playing at football and basketball games and at our own Music Festival.

The Senior Orchestra seems to improve each year. We have many of the special symphony orchestra instruments such as oboes and French horns that add so much to the music.

DRAMATICS CLUB

The Senior Dramatics Club includes members from the tenth through twelfth grades. They read plays, study stagecraft and make-up, and act in little skits for practice and student criticism.

This year the club presented the Christmas pageant, "The Holy Grail."

Each member participates in the production of the three one-act plays that are presented each spring. A few members are chosen to go to the Dramatics Festival in Fredonia, at which many schools present their best one-act plays. Miss Dick usually chooses the best from the plays of the preceding year. The group has won high praise for the production and for individual acting.

PRESS CLUB

One of the most active clubs of the school is the Press Club, whose members have the satisfaction of seeing their work in print. Approximately every two weeks the "Hi-Times" is published and eagerly read to see if E. L. is still wearing B. R.'s ring. The gossip is read first, and then the students settle down to read the paper from cover to cover. Under the expert guidance of Mr. Whitney, Mrs. Austin and Miss Joslyn, the paper is timely and worthwhile.

Editor Shirley Halsey makes the coverage assignments to the various members of the club.

The expense of publishing was met by the sale of the "Hi-Times" and by a dance held in the spring.

If you want to develop a fascinating hobby, join the Camera Club. Its members learn to do many interesting jobs in the field of photography such as developing films, printing negatives, enlarging and coloring pictures.

Their biggest project was making personalized Christmas cards with student portraits. These cards were very popular and sold very well.

YOUTH COUNCIL

Our Youth Council has really done wonders for this school in its first year, furnishing leadership for many enterprises. They served as guides for "Know-Your-School Night," led in assemblies, introduced speakers, sponsored an Alma Mater contest and made the Good Will drive a great success.

Members of Senior Library Club know what fun it is to be a librarian because, in a sense, they have been one. They've done almost any job a librarian has to do, and they take pride in helping to run our modern library. They know that the average high school student doesn't know his alphabet and can't shelve books.

The members of this club are Future Homemakers of America, not just future housewives. When they marry, they will be able to cook, sew, care for their children, and, in many other ways, make their house a happy home. Their sweaters, emblems and pins all emphasize the fact that a woman's hands uphold the home.

F. H. A.

The F. F. A. learns farm business the interesting way. Through field trips and contests, the boys learn to judge cattle, poultry and vegetables. Warren Beardsley, Oliver Brown, Charles and Gerald Winter, John Spencer and David Yunker have won honors this year for the club.

Socially the boys enjoy square dances and banquets. Last July seven boys went to the F. F. A. Camp in the Adirondacks, where Dick Stuerzebecher was chosen as one camp counselor.

SCIENCE CLUB

The Science Club is divided into four groups so that everyone can do the thing he is most interested in. Each section meets once a month.

As the Microscope Club is drawing blood to examine, the Chemistry Club is concocting explosive messes, the Electricity Club is getting a large charge out of life, or the Outdoor Club goes tramping through the mud to examine trees, Miss Russell stands calmly by, giving her assistance or her interest as somebody yells, "Hey, lookit this, Miss Russell!"

This club gives Perry Central's Einsteins and Madame Curies a golden opportunity to explore the wonders of science.

FRENCH CLUB

"La séance est ouverte." With these words Bette Bassett opens the meetings of the French Club. This year the members listened to French records, watched movies about Paris and France, and have had fun singing songs and Christmas carols in French. Under Miss Joslyn's guidance, the members have learned French expressions to use in a parliamentary procedure.

JUNIOR SPORTSMAN

The Junior Sportsmen's Club is composed of boys who are interested in hunting and fishing.

The club has Jim Wright as its Chief, Pete Densmore as Assistant Chief; Bill Richardson, Secretary; Gary Carle, Treasurer, and Mr. Wallace, Advisor.

This year they held their annual vermin contest aimed at getting rid of some of Perry's harmful birds and animals. The losing team gave the winners a dinner.

The main purpose of this club is to promote good sportsmanship among the boys.

As its name indicates, this club is a younger version of the Senior Club, its members being recruited from the eighth and ninth grades. They enjoy learning stagecraft and stage make-up and play reading.

In order to become a member of the Senior Dramatics Club, a student must have been a member of the Junior Dramatics Club for at least one year.

JUNIOR LIBRARY

OUR JUNIOR HIGH CLUBS

Interesting Junior Clubs offer a busy schedule and many activities to choose from.

Members of the Junior Library Club act as assistant librarians, checking out books, doing filing work and the many other odd jobs that are so much fun.

Many students who are interested in science, either flowers, animals or nature study, are members of the Junior Science Club, which meets in Mr. Rumsey's lab.

The Perry Chapter of the Junior Historical Society has an interesting program planned for each meeting. A trip to Rochester is their big event of the year.

For Health and Recreation

When games are all over and scoreboards seem wrong
Remember tomorrow appears with the dawn.
So heads up and cheer up, Play clean as you can.
If you lose as a boy, you can win as a man.
